

Thomas B. Fordham Foundation

New School Charter Application

Dear Applicant,

Thank you for your interest in sponsorship by the Thomas B. Fordham Foundation. This application is designed to provide Fordham staff and external reviewers with key academic, financial, operations, and governance plans for the proposed school.

The Thomas B. Fordham Foundation only accepts applications submitted via our online application management system, Epicenter. This copy (pdf) is displayed on our website so that prospective applicants and the public are able to view the content of our application. The rubric for application evaluation, used by our review team, is also available on our website.

Fordham's sponsorship application must be completed via our online system, Epicenter. Hard copy and/or email applications will not be accepted. To begin the process, please complete the interactive form on our website, [here](#).

Thank you,
The Fordham sponsorship team

Sponsoring priorities

During the next five years, we intend to focus primarily on sponsoring excellent *new* schools in Ohio communities lacking enough high-quality options for children, particularly schools that can be expected to do an exemplary job of educating disadvantaged students and students of color. We will also consider sponsoring existing high performing schools that seek (for sound reasons) to change sponsors. Both new and existing schools will be vetted via our application process. We are a statewide authorizer with a particular interest in adding and/or expanding successful schools in the Dayton area. At this time, we are not taking applications for virtual (online) schools or dropout-recovery schools.

Application Evaluation Criteria

The Thomas B. Fordham Foundation currently authorizes eleven charter schools in Ohio. Sponsorship applications are reviewed by a team of internal and external reviewers. A team leader organizes and guides the process. After a review of the application and submitted documents, applicants who are recommended to move forward by meeting the standard, as defined on the following page, are invited to an interview. Following the interview, a formal review summary is provided to the applicant and to the Fordham board along with the team’s recommendation. The timeline on the next page details the process.

Evaluation teams are comprised of individuals with experience and expertise in a variety of fields, including but not limited to curriculum and instruction, special student populations, law, governance, management, leadership, finance, school start-up, and policy. Evaluators will use the following ratings to analyze applicants’ responses to the questions in the application. Within each section, specific criteria define the expectations for an excellent response that ‘Meets the Standard.’ As stated above, the evaluation rubric is available on our website.

Rating Characteristics

Meets the Standard:

The response reflects a thorough understanding of key issues. It addresses the topic with specific and accurate information that shows thorough preparation; presents a clear, realistic picture of how the school expects to operate; and inspires confidence in the applicant’s capacity to advance the academic

achievement (i.e., boost the skills and knowledge) of students attending the proposed school.

Approaches the Standard:

The response meets the criteria in many respects, but lacks detail and/or requires additional information in one or more areas.

Partially Meets the Standard:

The response meets the criteria in some respects but has substantial gaps in a number of areas.

Does Not Meet the Standard:

The response is sorely under-developed or incomplete, demonstrates lack of preparation, or otherwise raises substantial concerns about the viability of the plan or the applicant’s ability to carry it out.

State the school's mission and briefly present your vision for how the school will operate. Describe the school's educational foundation and the culture or ethos. Include an overview of the instructional methods and any research or experience that indicates why you have chosen to use this approach with your anticipated student population.

TYPE YOUR RESPONSE TO A.1 BELOW:

Applicant Instructions:

Pursuant to 3314.03(A)(19), please describe which of the following options the school will choose.

- (a) Prohibit the enrollment of students who reside outside the district in which the school is located; or,

A.3 Curriculum and Instruction

Applicant Instructions:

Identify and describe the curriculum or curricula and pedagogy in detail and provide solid evidence of its efficacy when delivered competently to students such as those intended to be served at the applicable grade levels. **Epecially for K-8 applicants, and particularly in English Language Arts (ELA) and mathematics, Fordham expects schools that it sponsors to use curricula that are highly rated by EdReports.org and/or the What Works Clearinghouse; the application must include that rating information for each curriculum component.** In any part of the school's proposed curriculum where such ratings do not exist, the applicant must provide other evidence, research or convincing

experience to show why it is expected to be successful with the proposed student population.

Provide measurable objectives and subject area content and skills for each grade level in all core subjects including but not limited to those subject to Ohio state assessments.

Explain how the chosen curriculum aligns with the Ohio content standards.

Discuss the specific instructional strategies that will be employed to ensure effective implementation of the curriculum. Include organizational arrangements (e.g. classroom-based or independent study, blended learning, and class structure) as well as teaching methods. Make certain to describe how the proposed curriculum-and-instruction plan will meet the educational needs of at-risk students, students with disabilities, advanced learners and minority youth.

Provide solid evidence that the proposed curriculum is effective (when properly deployed) in boosting the skills and knowledge in core subjects of students such as those in the pupil populations you intend to serve. The evidence provided should meet the standards of ESSA Tier 1 or Tier 2. Insofar as the program is too new to yield such evidence, it will be imperative to supply the research base that undergirds the proposed program or otherwise furnish persuasive grounds for Fordham to have confidence that it will yield the desired results for students to be served.

Describe procedures and metrics by which the school will regularly—as in “continuous improvement”—monitor the effectiveness of its instructional program and swiftly make adjustments as needed. This may include organizational and personnel arrangements as well as curriculum and pedagogy.

Describe how the school will develop sound student character, citizenship and civic understanding, social and emotional wellbeing, and physical health.

Include in Attachments: For core subjects, include sample lessons from two different grade levels (**Attachment A**) that illustrate strategies for implementation of the curriculum consistent with the mission and educational philosophy of the school.
