## United in Achievement

At United Preparatory Academy (UPA), we measure proficiency longitudinally in terms of annual progress on Ohio state tests and interim progress during the school year on the i-Ready assessment in reading and math.

---

## Measure 1: Ohio State Testing

The Ohio state tests are administered annually in order to measure student proficiency on state-mandated academic standards for each grade level. The state tests allow UPA to compare their results with Columbus City School District (CCSD) as well as schools across Ohio.

### *District and State Comparison*

The Ohio State Tests were administered in the spring of 2022. Below are the proficiency rates for each tested grade and subject.

	3rd Grade	4th Grade	5th Grade
Reading	47.5%	57.1%	46%
Math	28.2%	52.4%	46%
Science	N/A	N/A	22%

UPA had higher proficiency rates than the neighborhood school and comparison district in every tested subject except 3rd-grade math (neighborhood school) and 5th-grade science (district average). UPA exceeded the proficiency rates of a comparable charter school in four of seven tested areas.

### *Similar School Comparison*

In order to consider our academic progress in context, UPA evaluated its rank by performance index compared to the Columbus City district schools students would attend if not enrolled at UPA. Each school in the table below has an economic disadvantage rate of 100%.

Rank	Building Name	Type	District	PI Score /120	Grade Span
1	United Preparatory Academy	Community	UPA	69.8	K-5
2	Binns Elementary	District	CCS	65.6	K-5
3	Westgate Elementary	District	CCS	65.5	PK-5
4	Avondale Elementary	District	CCS	53.3	PK-5
5	West Mound Elementary	District	CCS	52.5	PK-5
6	Valleyview Elementary	District	CCS	49.6	K-5
7	West Broad Elementary	District	CCS	48.2	PK-5
8	Burroughs Elementary	District	CCS	46.4	K-5
9	Starling PK-8	District	CCS	41.9	PK
10	Eakin Elementary	District	CCS	40.4	PK-5

## Measure 2: i-Ready

UPA students take the i-Ready diagnostic assessment in the fall, winter, and spring each school year. The i-Ready assessments are state-aligned, computer-adaptive tests that accurately reflect the instructional level of each student and measure growth over time.

The assessment itself is unique in that it adapts to the student's ability, accurately measuring what a child knows and needs to learn. The diagnostic assessment pinpoints students' needs in reading and math down to the domain and sub-skill level by using sophisticated adaptive logic, and a bank of thousands of test items. Millions of test records have been collected over the last several years which allows us to compare our students' scores and growth with those of K-5th graders across the United States.
